123 to 127 North Main Street.

We Must do More Business this week. There is only One Way to do it and this is the Way.

20 pieces of 38-inch all wool Flannel, new spring mixtures in greys and browns. We will sell them at 19 cents a yard. It's hard to believe but it's so. Nineteen Cents will be the price. Remember these dress flannels are 38 inches not 36 or 35 inches.

## CHINA SILKS. CHINA SILKS.

### 47 PIECES

Plain and figured to match. We will offer this line of silk next Saturday, the 23rd, at 49 cents a yard for all. They are worth double this price. The designs are the choicest, the shades the newest and will wear equal to high priced silks. Next Saturday will be the day for China Silks, at 49 cents a yard.

## DRESS GOODS.

21 pieces of French all wool Foullas and Henriettas, 42 inches wide, soft and fine, worth 60 cents, at 29 cents a yard. We want you to do some trading this week.

40 pieces of 52-inch spring weight Flannel Suits in solid colors, all wool and new shades, worth 75 cents, at 49 cents. No such value has been offered before.

Our line of French Broadcloth at One Dollar is a very superior quality and the colors are the latest, being produced for this spring, they are light in weight and are equal to any cloth offered at 150 cents.

In our Silk Department you can be suited, as our stock is very large and prices low just now. It seems to us that ladies can save money by trading early this year. There seems to be an upward tendency in prices east, and with us a tendency to cut prices, in order to keep up sales in the early season. Low prices will prevail in our house this week and unequalled bargains are offered in some lines.

You run no risk in buying in our store. We've added wonderfully to the pleasure of your trading, for if you become dissatisfied with anything you buy of us, you can get your money again by bringing the goods to us. You don't know how pleasant this is until you've tried it. Remember these bargains won't last but this week and then the goods left will be marked to their real value or former prices. Come and see our bargains for this week.

### REPUBLICAN LEAGUE.

The Extent and Power of the Club League in the United States.

BALTIMORE, Md., Feb. 19.—Andrew B. Humphrey, secretary of the Republican League of the United States, arrived in Baltimore yesterday, and found the arrangements made by the local clubs for the national convention which will convene here on the twenty-ninth of this month, quite satisfactory. Mr. Humphrey said: "At the national convention held December 15, 1887, in Chickering hall, New York, only 300 clubs were represented, but at the convention which will assemble here, thirty states and territories will send 200 delegates and alternates, representing 1,000 active clubs and over 1,000,000 voters. Each State League will send its president and four delegates, also four alternates, making nine official members with a voting power of five. A number of active Republicans will be here, making in all probably 1,000 persons in attendance. The convention will be organized by President Foster and myself. It will then take matters in its own hand. Its work will be devoted to reviewing the work of the past, hearing the reports of State Leagues, and outlining a general plan of action to be followed by the different leagues in harmony. It is intended to make the club a permanent and prominent feature in Republican politics and to promote the social feature in order to hold the clubs together in 'off' years. I believe the Republican majority in the next congress is due almost entirely to the work of these clubs."

### AN ATTEMPT AT TRAIN WRECKING.

CINCINNATI, Feb. 19.—A morning paper gives an account of an attempt to wreck a train last Friday night for the purpose of robbery which has hitherto been concealed. It says: "A pile of ties was placed on the Louisville & Nashville near Walton, Ky., to wreck the cannon ball train due here that night, but the train was going at such a high rate of speed that the shock broke the tie which was to lock the pile together and the train passed on in safety. The train had searched the vicinity for a half hour but failed to find any robbers in waiting. It is surmised that the robbers knew that the train had a car load of government silver dollars going from New Orleans to Washington and that they wanted to wreck the train for them. There were nearly 100 people aboard the train."

### NEW YORK DRY GOODS.

NEW YORK, Feb. 19.—With improved weather today business in dry goods was more active with both agents and jobbers. Sales at hands of the latter are well distributed over all classes of fabrics specially adapted to the spring trade, with a fair degree of activity in wash goods, dress goods, silks, linens, notions, hosiery, etc., with a drive in cocheco percales at 60c by the case and 75c by the piece. The market at first hands continues steady and unchanged, the decline in retail prices being but an incident of a quiet market with product sold up.

### CLAYTON'S ASSASSINATIONS.

MEMPHIS, Feb. 19.—It is rumored here that the arrest of the persons who planned and aided in the assassination of Hon. John M. Clayton at Pimmerville, Ark., will soon be accomplished. One of the suspected parties belongs to a family whose reputation extends beyond the limits of Arkansas, being well known throughout the country and it is due to his prominence that officials before making an arrest are endeavoring to establish to a certainty what up to the present is only a well grounded suspicion of guilt.

## THE NEW COURT.

INDICATIONS THAT THE BILL IS TO BE PASSED.

The Measure Reported by the Senate Judicial Committee—The Wichita School Bill.

The Beef Inspection Bill Amended, Making Inspection Optional in Cities—Mr. Douglass Attempts to Defeat It.

Full Text of the Proposed Legislation—The Oil Inspection Bill Recommended. Kimball's Interest Bill Reported from Committee of the Whole—The Day's Proceedings.

Special dispatch to the Daily Eagle.

TOPEKA, Kan., Feb. 19.—The senate judicial committee held a meeting this morning to consider bills, among them the Sedgwick county new court bill which was passed by the house a few days ago. Reaching the bill the late petitions for the court were presented by Senator Bentley, who also stated that the best business interests of the county seemed to demand a new court and he would recommend its passage. There were a number of Wichita gentlemen present, including Dave M. Dale, W. F. Green, Cliff Bentley, George Steiner, Ed. Vail and W. F. Buckner, who favored the creation of a new court. It was decided to be decided to report favorably on the bill. The next step will be its consideration in the committee of the whole, where it would seem it will be recommended for passage and in due time become a law. The first step taken in the matter in the senate consisted of today's work before the committee and it is believed that it was considered favorably there the intention is to make it a law and virtually the question would seem to be settled.

INSURANCE BILLS. The house will consider under special order the insurance bills Thursday night. According to Mr. Ford, chairman of the insurance committee, a number of other leading members, the bill compelling companies to pay on buildings in case of total loss full face of the policy would be recommended in the committee of the whole, but it would take a prophet to estimate the influence the insurance companies will have. There would seem to be no question that the bill would pass the house on the double quick in the absence of the lobby. For some time, in fact, it was believed there has been a cry for a change, but just as many times has it failed. What will be the result this time? It is hard to say, but it would seem that the demand for the legislation is so great that the lobby will not be able to do much to prevent it. However, they have for some time been trying to get it lost, cause precipitation and send it to the bottom of the calendar. It may be that the lobby will be disposed of in its own way before the house gets action.

CONCERNING WICHITA SCHOOLS. Thirty-three senators answered to their names this morning and after the usual routine business, the bill for the erection of a new school building in Wichita was taken up. An omnibus petition was presented asking that all radical legislation be passed from beef inspector to woman suffrage beyond the limits of the constitution.

The usual petitions were with very little change. Only one bill was presented, that being a local effort concerning Atchison, but asked the state to put up for the city hospital and the bill was not taken up. It is conceded to be general in its character. Under the head of reports of committees the judicial appointment committee reported favorably on the bill for the creation of an additional court in Sedgwick county.

Bills on third reading were called for and an act to authorize school district No. 16, Allen county, state of Kansas, to vote bonds for the purpose of buying or drilling wells for the purpose of securing water for the use of the school district, was passed. The bill provides for gas and coal—Lacey.

An act concerning the public schools in the city of Wichita, a city of the first class—By committee on cities of first class. The bill provides for two members of school board from each ward instead of six members from the entire city, as provided in the charter. The bill also provides for the election of a school board, and the board is to be composed of one member from each ward and one member from the city at large.

The bill passed with Kirkpatrick voting in the negative. At 11:15 the senate took up the special order of bills, the judicial appointment bill, on third reading. The title of the bill is as follows: House bill No. 323, (substitute for house bills 127, 129, 131, 133, 135, 137, 139, 141, 143, 145, 147, 149, 151, 153, 155, 157, 159, 161, 163, 165, 167, 169, 171,
